**DISCUSSION OF HELD AGENDA ITEMS**

IV-A-3  Resolution 2941 in Support of State Referendum C and State Referendum D

Mr. Patterson said he had seen a recent policy paper that portrays the dire straits this state will be in without the implementation and voter approval of these two very important items that will be on the November ballot. He wants to make sure that Denver voters understand that the Board of Education supports these two items on the November ballot.

Mr. Hoyt said he is a strong believer that without Referendum C the district will be under continued pressure to cut the budget for years and years to come. As people know, $65 million has been cut out of the district’s budget over the last three years. Referendum C is critical and must pass this coming November in order to help our children in the future.

Mr. Woodward said these referendums have bipartisan support. It is very important to recognize that this state needs this revenue to maintain education. He expressed the hope everyone votes to support these two referendums.

Dr. Wartgow said he joins with the Board members in urging people to be sure to vote “Yes” on this issue. It is extremely important for the future of the school district, the city, and the state.
Mr. Patterson moved approval of the motion. Ms. Gantz Berman seconded the motion. The motion passed unanimously. A copy of this resolution is appended to the minutes of this meeting as Appendix 05-17, IV-A-3.

IV-C-1 Resolution 2942 to Authorize the Issuance of General Obligation Refunding Bonds Series 2005A

Velma Rose, Chief Financial Officer, said that the district has an opportunity to refund approximately $142 million of bonds that were sold in January 1999. The market has been rallying in the district’s favor. We refunded approximately $84 million of these bonds last October and reaped a sizable amount of savings for the taxpayers.

Mr. Woodward moved approval of the motion. Ms. Gantz Berman seconded the motion. The motion passed unanimously. A copy of this resolution is appended to the minutes of this meeting as Appendix 05-17, IV-C-1.

III. Superintendent’s Report (Continued)

Dr. Wartgow expressed his thanks to the Board for permitting him to take this incredible journey. It has been an emotional rollercoaster from day-to-day for members of the Board, the staff, and certainly for the Superintendent. He said he would do it all again because it has been so worthwhile. He is leaving with very good feelings about his experiences here, about Denver Public Schools, and about the City of Denver. He has tremendous optimism and hope for the future and the direction in which the district is going.

Mr. Hoyt said he wanted to publicly thank Dr. Wartgow for his many accomplishments: Leaving this district in a stronger financial position by eliminating reliance on one-time money; building community capacity; bringing ProComp forward; and his lasting accomplishment—making this district a reform-minded district. Through his leadership, every Board member, every administrator, every employee knows that “business as usual” is no longer acceptable in Denver Public Schools.

Mr. Patterson said it has been great to work alongside Dr. Wartgow, to see the compassion he brings, the dedication he has to every student, and to understand how much he really cares about what happens in Denver.

Ms. Gantz Berman said that Dr. Wartgow was the right person at the right time to be Superintendent of the Denver Public Schools. They could not have found a better person to lead the district. His integrity, passion, cheerleading style, and his true commitment to the kids were unsurpassed. It has been an incredible four years.

Mr. Woodward said that Dr. Wartgow has always demonstrated quality thinking, dedication to task, and commitment to education. He thanked him for his leadership on behalf of the citizens and students of Denver.
Rev. Guzman said that Dr. Wartgow is a passionate person who has paid the price. We are very thankful he was here and happy that he will now have time to spend with his family.
