*DAC members will get an overview of how schools in Colorado are funded and what that means for our students. Denver Public Schools is projected to continue receiving less state funding per student in 2016-17 than seven years ago, when our state already hovered near the bottom nationally in per-pupil funding.*

*This means significant challenges for DPS and for all Colorado school districts. As a result, we are exploring the potential to seek additional funding in the form of a 2016 Bond and Mill Levy Override in November 2016. DAC members will learn more about this.*
