

Denver Public Schools E1 Equity Monitoring Report

June 2023

Board policy is indicated in **bold** typeface throughout.

I hereby present my monitoring report on your Ends policy 1, "Equity" according to the schedule set out. I certify that the information contained in this report is true, and *represents compliance with all aspects of the policy unless specifically stated otherwise.*

Signed , Superintendent Date 6/30/2023

DPS will be a district that is free of oppressive systems and structures rooted in racism and one which centers students and team members with a focus on racial and educational equity, enabling students to ultimately become conscientious global citizens and collaborative leaders.

Racial and Educational Equity is our collective responsibility. We will achieve equity when we dismantle deeply rooted systems of oppression that have historically resulted in inequitable access and distribution of opportunities and resources for those who represent marginalized identities, including race, ethnicity, gender identity, sexual orientation, language and ability.

Definitions

1. **Racial and Educational Equity** - We will achieve equity when we dismantle deeply rooted systems of oppression that have historically resulted in inequitable access and distribution of opportunities and resources for those who represent marginalized identities, including race, ethnicity, gender identity, sexual orientation, language and ability.
2. **Systems** - refers to the processes and practices associated with the day-to-day operations of the district. It refers to all practices and processes within the organization and the interplay between processes and practices.
3. **Practices** - refers to those processes which are not included in policy but have precedents in how the process was executed in the past within the organization.
4. **Dismantle** - to halt a process or practice and to identify and record its impact on the organization so that it can never be repeated by agents of the organization
5. **Access and Opportunities** - refers to one of the key factors affecting marginalized students. Marginalized students need access to high-level curriculum, instruction, assessment and other educational resources in order to have opportunities to achieve academic success.
6. **Oppression** - intentional, unjust or cruel exercise of authority or power with the purpose of limiting access and opportunities for the oppressed.
7. **Discriminatory** - making or showing an unfair or prejudicial distinction between different categories of people or things, especially on the grounds of race, ethnicity, gender identity, sexual orientation, language and ability..

8. **Inequitable** - students across our system have differing needs. Equally distributing resources to all students does not address many of the gaps which have resulted from centuries of systemic racism. Inequitable practices tend to presume a level playing field as a justification for distributing resources in an equal manner. Equitable practices provide greater resources to those students and families so that they can
9. **Intolerance** - unwillingness to consider, not necessarily accept views, beliefs, or behavior that differ from one's own.
10. **Persistent** - continuing to exist or endure over a prolonged period.
11. **Enduring** - continuing or long-lasting
12. **Deeply rooted systems of oppression** - refers to structural oppression including the laws, policies and practices designed to oppress another group on the basis of race, ethnicity, gender identity, sexual orientation, language and ability.
13. **Discriminatory practices** - practices anchored in discrimination toward marginalized groups
14. **Discriminatory policies** - policies anchored in discrimination toward marginalized groups
15. **Inequitable distribution of resources** - resources that are distributed equally rather than to address those marginalized groups most in need of the resources.
16. **Inequitable distribution of opportunities** - opportunities which are afforded in an equal manner rather than based on need
17. **Free of oppressive systems and structures rooted in racism** - the goal would be to eliminate such systems and structures rooted in racism. In some cases, elimination of a system may require further attention in order to be in compliance with state and federal laws.
18. **CHE** - Congress of Hispanic Educators
19. **ELA-S** - English Language Acquisition through Spanish. A developmental bilingual program that instructs students in Spanish and transitions them to English as they become proficient.
20. **Inclusive Practices** - Inclusive teaching strategies refer to any number of teaching approaches that address the needs of students with a variety of backgrounds, learning modalities, and abilities. These strategies contribute to an overall inclusive learning environment in which all students perceive to be valued and able to succeed.
21. **Racial or Oppressive Language** - Language that stirs emotion with strong ties in oppressive systems and has been used to marginalize under-represented groups in the past. (Eg. "in the field")

Reasonable Interpretation

DPS has made Equity its cornerstone. Because of DPS's rich history of civil rights and student activism including, the West HS 1969 Blow Out, and Colorado's history of embracing one of the most iconic hate groups, choosing Equity as a cornerstone seemed inevitable. Listening to the voices of our constituents is critical in understanding the complex issues and challenges anchored in discrimination. The Congress of Hispanic Educators has worked with district officials on the creation of a Modified Consent Decree which requires compliance in addressing discriminatory practices to students who are Multilingual Learners.

Over the past 24 months, we've experienced the complexities associated with a pandemic and witnessed the effects of intolerance for others from a different race, religion, gender and sexual orientation, positional authority and political affiliation. We also witnessed an increase in anti-immigrant rhetoric and intolerance for people from various cultural backgrounds. In the words of Mahatma Gandhi, "Intolerance is itself a form of violence and an obstacle to the growth of a true democratic spirit." Given the great history of DPS and given my responsibility as the leader of this great organization, I commit to:

1. Discover, dismantle and revise persistent and enduring systems of oppression within our school system;
2. Partner with the City of Denver to dismantle and revise persistent and enduring systems of oppression outside of our school system that impact our student's ability to engage in their educational opportunities

- equitably;
3. Discover, support, and connect assets within our communities with our students and their families, celebrating how diversity of thought, culture, and traits can lead to success in college, career, and life;
 4. Educate our staff about oppression and inclusive practices in education;
 5. Develop the agency of our students to empower themselves to learn and to effectively be part of the changes that are implemented, debate and act for the greater good of our global, multilingual society; (this is about embracing the differences in other cultures and accepting their own culture)
 6. Empower our teachers and special service providers to connect with the communities they serve to better understand and embrace their differences.
 7. Continue to comply with the applicable requirements in the Modified Consent Decree in order to continue to center the needs of MLLs in all DPS initiatives.
 8. Find ways to establish a solid relationship with members of the Legislature to affect change in K-12 education.

Standard - RI Must-haves

- The standard of measurement for one or more parts of the policy
- The level of achievement on the standard for one or more parts of the policy
- The rationale for the standard of measurement for one or more parts of the policy
- The rationale for the level of achievement on the standard for one or more parts of the policy

Outcomes

Our targets for 21/22 have been firmly established and achieved. For the 22/23 school year, our goals and objectives are to continue our work from the 21/22 school year and to continue to drive change within our system that eliminates barriers for marginalized students.

Compliance with this End Statement will be achieved for 22/23 when:

1. At least two systems have been identified for dismantling including the commissioning of the La Raza report to study the experience of Latinx students and staff in DPS and implementing the CDE Special Education Corrective Action Plan.
2. Sustain the opening of all 6 Community Hubs through a plan for permanent locations for the Hub sites. We will maintain a partnership with the City and County of Denver and local non-profit service organizations in order to address and support the social, emotional, physical and academic needs of the community.
3. DPS will establish a community advisory panel that includes representation from at least 10 different organizations that serve historically marginalized communities. This panel will focus on uncovering the assets within our communities and identifying opportunities for the district to support those existing efforts and connect them with our students.
4. Educators of Color and Multilingual Educators will be retained at the same rate as other educators in DPS based on preliminary retention calculations by Human Resources in September 2023. This is a reasonable measure and target as national trends indicate that teachers are leaving the profession at an alarming rate.
5. Continue to comply with the applicable requirements in the Modified Consent Decree.
6. 2-3% increase in sense of belonging for racially and linguistically diverse students as measured by the Your Voice/TuVoz survey in May, administered by Research & Evaluation team. This is a reasonable standard of measurement and goal based on the national report on belonging.
7. 2-3% increase in sense of belonging for racially and linguistically diverse families as measured by the Your Voice/TuVoz survey in May, administered by Research & Evaluation team.
8. Establish a periodic meeting with State Legislators in order to explore ways in which DPS can partner with elected officials to address the challenges faced by school districts in the state of Colorado where

education is severely under-funded.

9. All district run schools will establish Parent Teacher Home Visits targets during the 22-23 school year that are realistic and honor families choice. This is reasonable as schools will continue to focus on building relationships with families.
10. We will establish a baseline of participation in the Equity Experience Year 1 modules. This is reasonable because the Equity Experience Year 1 is now available to all district managed team members currently and is a 9-month journey of independent, self-paced learning to identify and examine the individual/collective mindsets we engage in daily that perpetuate educational inequities and disparities experienced by many of our students, families and team members.

Rationale: This is a reasonable interpretation which is designed to dismantle systemic structures in an ongoing and persistent manner. It has taken centuries of discrimination and oppression to create the current system in which we work and lead. It will take a persistent effort of all staff members to dismantle these systems and structures anchored in racial discrimination.

Measures

Measure	Family of Schools or District Run Schools	Target	Baseline	Timing	Justification
1.1.1 # of systems identified for dismantling or revision	FOS	At least 2 systems identified 1. LaRaza Report 2. Affective Needs Centers	2 systems identified	May	This is the main action expressed in the Ends. These reports will identify the issues and experiences of the Latinx community.

1.1.5 Continue to comply with the requirements of the Modified Consent Decree	FOS	N/A	N/A	Aug	Compliance to this requirement is required by Consent Decree.
1.1.6 Increase in sense of belonging for racially and linguistically diverse students in Your Voice/Tu Voz "how much do you feel like you belong at your school?" 1.1.6a Black, 1.1.6b Latinx, 1.1.6c MLL,	DR	1.1.6a 71% 1.1.6b 71% 1.1.6c 75%	From May 2021, district run schools: 1.1.6a 69% 1.1.6b 69% 1.1.6c 73%	June	An important part of students feeling included is their experience of the culture of learning and expectations from teachers and other students. It is important to provide a runway for schools to accomplish the required learning and professional development to truly impact student belonging. The impacts of the Re-Org, lingering COVID Impact, and the inconsistency related to staffing (subs and people new to schools) requires a ramp up over the next few years.
1.1.6) Increase in participation in Your Voice/Tu Voz survey for racially and linguistically diverse students 1.1.6d Black, 1.1.6e Latinx, 1.1.6f MLL	DR	% for each group 1.1.6d 26% 1.1.6e 30% 1.1.6f 28%	From May 2021, district run schools: 1.1.6d: 13% 1.1.6e: 15% 1.1.6f: 14%	June	We must increase participation to ensure that the surveys are representative of the student experience in alignment with the Strategic Roadmap.
1.1.7) Maintain or Increase in sense of belonging for racially and linguistically diverse families in Your Voice/Tu Voz in how families report "I feel welcomed at my students school" 1.1.7a Black, 1.1.7b Latinx, 1.1.7c MLL,	DR	1.1.7a) 93% 1.1.7b) 95% 1.1.7c) establish baseline in May 2023	From Fall 2021, limited to district-run schools: 1.1.7a: 91.1% 1.1.7b: 93.0% 1.1.7c: establish baseline in 2023	June	This addresses the Family and Community Engagement commitments. It is important to provide a runway for schools to accomplish the required learning and professional development to truly impact student belonging. The impacts of ReOrganization of Central Office, lingering COVID Impact, and the inconsistency related to staffing (subs and people new to schools) requires a ramp up over the next few years.

1.1.7) Increase in participation in Your Voice/Tu Voz survey for racially and linguistically diverse families 1.1.7d Black, 1.1.7e Latinx, 1.1.7f MLL	DR	for each group 1.1.7d 17% 1.1.7e 16% 1.1.7f 11%	From May 2021, district run schools: 1.1.6d: 16% 1.1.6e: 15% 1.1.6f: N/A%	June	We must increase participation to ensure that the surveys are representative of the family experience.
1.1.8) Establish periodic meeting with state legislators to partner with DPS Leadership in addressing the many challenges of school districts in Colorado	FOS	2 meetings per year	0	Dec & June	As school districts across the state of CO continue to face funding shortages, teacher flight from the profession and reverberating effects of the pandemic, effective change can only occur at the policy level.
1.1.9) Establish individual by school targets for Parent and Staff Home Visits	DR	100% of schools have targets	n/a	Dec	We will work with schools to establish and meet individual school by school goals for home visits that honor parents' choice and right to refusal
1.1.10) Report on and establish a baseline for district wide participation in Equity Experience Year 1 Modules across cohorts	DR	Establish a baseline of district wide % completion of the equity experience year 1	n/a	Jan	Over the last 4 years, the Equity Experience Year 1 modules have been rolled out system wide. The Equity Experience (Year 1) is a 9-month journey of independent, self-paced learning to identify and examine the individual/collective mindsets we engage in daily that perpetuate educational inequities and disparities experienced by many of our students, families and team members. Additionally, completion is now a requirement of teachers per the DCTA contract, so this is now an holistic measure.

Aggregation Methodology

I will be successful if I meet 75% of the measures above.

Summary

Measures of Belonging:

Participation: The targets were met for Student response rates of Latinx and In-program MLL students, but not for Black students nor any Family groups.

Specific survey question responses:

- **1.1.6) Student sense of belonging:** The targets were met for Latinx and MLL students, but not for Black students.
- **1.1.7) Sense of belonging for racially and linguistically diverse families:** The targets were successfully met to establish a baseline for multilingual families at 95%. The targets for Black and Latinx families were not met.

The safety incidents at East, McAullife and others had a profound influence on the organizational focus on belonging. We intentionally pivoted to increase engagement in the Safety Plan and related engagement instead of driving participation in the Your Voice/Tu Voz survey. In the month of May, we administered the final Your Voice/Tu Voz survey. During that time period, there were a number of competing organizational surveys and engagement opportunities that had a direct impact on participation rates.

Legislative partnership:

We have successfully established periodic legislative meetings with state legislators to partner. During the first meeting, Dr. Marrero and team met with all Denver Metro area legislators on December 12, 2022 from 1:00-2:30pm. This discussion centered around DPS' new governance structure and the DPS Thrives Strategie Roadmap and 5-year Climate Action Plan, as well as Legislative priorities and Redistricting Timeline. The next meeting will be in September 2023 to best align with elected leaders' needs and our priorities. We intend to include City leaders in future partnership work as well.

Explanatory notes for preparing a monitoring report

(if needed) Non-compliance: If a superintendent is indicating Non-compliance, a date by when compliance can be expected should be included.

As a result of a reduction in the number of surveys, families will complete the Tu Voz surveys in March 2024 and students will complete them in November 2023. We will renew our Universal and Targeted supports for our students moving forward so that participation rates will increase. We will focus on outreach and community engagement as a system to drive district survey participation for families. Our Schools team will engage all principals in preparation for the survey window and our shift to a more centralized delivery strategy will address the survey fatigue that we notices in our data.
