**EL-16 Financial Administration**

As the leader of DPS, I take my fiscal responsibility seriously. After all, if DPS does not make fiscally sound decisions toward achieving the Ends policies, student success will become elusive and much more difficult to achieve. I will not make any financial decisions that will jeopardize DPS' ability to pay its bills, deplete resources, disregard the Board's authority or place the long term financial health of the district at risk. In addition, all expenditures will be aligned to achieving the Ends policies and will not deviate from the annual budget appropriation or budget policies set forth by the Board of Education. I also commit to complying with all state and federal laws with regard to indebteding the organization, special elections for bonded indebtedness, expending contingency reserves, and transferring unencumbered moneys from one fund to another.

As the leader of this great district, I must be mindful of the appropriate use of funds as an equitable tool in addressing the needs of our most marginalized students.

Accordingly, I agree to:

1. Expend only those funds that have been received in the fiscal year to date, unless the Board authorizes additional expenditures through the use of reserves or other revenues are made available through legal means, including the state's free management loan fund program;
2. Expend fund amounts set forth in the budget unless the Board approves additional expenditures;
3. Follow state law and district policy with regard to indebteding the organization, special elections for bonded indebtedness, expending contingency reserves, and transferring unencumbered moneys from one fund to another;
4. Settle payroll and debts in a timely manner;
5. File reports or filings required by any state or federal agency in a timely and accurate manner;

6. Arrange for the annual audit of all district funds and accounts following the close of the fiscal year in accordance with law;
7. Aggressively pursue receivables after a reasonable grace period and with consideration of the other values and goals of the Denver Public Schools;
8. Keep complete and accurate financial records by funds and accounts in accordance with generally recognized principles of governmental accounting;
9. Make quarterly financial reports and year-end reconciliation reports available to the Board as required by law;
10. Comply with district-wide goals and objectives for MWBE contracting resulting from periodic disparity studies.
11. Publish and post financial condition statements, notices, and information required by law;
12. Seek all federal and state funds to which the district is or may be entitled, with the caveat that the district is not required to pursue all competitive grants when they are not in best interest of the district to pursue or not aligned with the Board's Ends;
13. Seek, after completing a cost/benefit analysis and obtaining Board approval, all non-public funds which may benefit the district including private grants and other non-public funding sources; and
14. Seek appropriate loans with approval of the Board.
