Global End Statement

The Denver Public Schools will provide students with racial and educational equity to obtain the knowledge and skills necessary to become contributing adults in our complex world. The Board of Education is committed to the singular and ambitious vision that every child is civically engaged, reaches their full potential and thrives.

ENDS 1.3 - Student and Staff Well-Being

Student and staff social-emotional and mental health is of critical importance to DPS, especially as a result of the pandemic. Students and staff will be well-rounded, mentally and physically healthy individuals with the capacity to advocate for themselves and others in need of support. Students will be confident in their identity and in their place in this world as leaders and change-agents. Their ability to manage and mitigate social pressures will be honed through their learning experiences.
